This is to inform you that we have conducted a review of the recommendations contained in the soils report for the referenced site, prepared by Florentino Engineering LLC, and dated March 9, 2015.

The structural fill recommendations should be modified as follows:

| <u>Sieve Size</u> | <u>% Passing</u> |
|-------------------|------------------|
| 3" | 100 |
| No.4 | 50 -100 |
| No.200 | 10 - 50 |

Plasticity Index – 12 Max.

The above changes shall be incorporated as addendum No.1 to the referenced report. If you have questions or need additional information, please contact our office at your convenience.

Respectfully submitted,

Florentino Engineering, LLC

Guillermo A. Florentino,
Principal
